3. Unique Mechanism:

SL: How does this even work?

PV: N/A

Hey {first_name},

I want everybody that's registered for the free live masterclass to understand the best approach to hitting \$10,000 per month with the business model of Amazon FBA.

Being old school defeats the whole purpose of becoming an entrepreneur.

It includes trying to create demand out of thin air, letting suppliers eat into your margins, and handling fulfillment by yourself.

This means that you swim upstream, lack control over the business, and become your own bottleneck.

Playing it smart is about leveraging the most efficient and effective tactics that are available to you.

It includes tapping into existing demand, using economies of scale to your advantage, and letting others take care of fulfillment.

This means that you ride the momentum, get access to premium margins, and focus on the needle-moving tasks.

I'll be teaching absolutely everything around this inside of the free live masterclass.

See you there.

- Adam

4. Narrative:

SL: Made it out the mud

PV: N/A

Hey {first_name},

It all started with wanting freedom right now as opposed to retirement.

My plan to become an athlete got crushed by a career-ending injury.

One of my coworkers introduced me to the business model of Amazon FBA.

I've gone on to do nearly six figures per month with it thanks to him.

I'm now teaching others how to do the same and building a software for it.

The ninety minutes that you spend on it could genuinely change the trajectory of your life.

See you there.

5. Future Pacing:

SL: This makes all the difference

PV: N/A

Hey {first_name},

I want you to imagine something for a second.

You wake up early in the morning and open up your laptop to check how everything's doing.

You stare at a dashboard that's sitting on yet another ten thousand dollar month.

You spend a few hours locked in on getting to the next level and take the rest of the day for yourself.

This is literally the life that online arbitrage has created for me.

The only difference between you and I is the approach that we took to hitting \$10,000 per month with the business model of Amazon FBA.

See you there.

6. Sneak Peek:

SL: I'll let you in on a little secret

PV: N/A

Hey {first_name},

Everybody's been asking what I'm going to cover on the free live masterclass.

Here's a sneak peek into the three pillars...

The first pillar is how to select winners consistently and predictably.

It all starts with knowing what's actually worth it from the get go.

The second pillar is how to source at the strongest rates possible.

This is where you get the best margins in the game.

The third pillar is how to fulfill entirely hands-free.

These are the building blocks of the whole thing.

I hope you know that the ninety minutes that it consumes are going to be so worth it.

The cherry on top will be a Q&A for the ones that stay until the end.

See you there.

- Adam

7. Objection Handling:

SL: Your prayers have been answered

PV: N/A

Hey {first_name},

I'm getting a lot of questions about the free live masterclass.

Let me speak into some of the big ones...

You might think that ninety minutes isn't enough to learn it all.

The thing is that I've cut it down to only what actually moves the needle.

You might think that this is all available on YouTube anyway.

The whole point of this is to hand you the full picture rather than scattered pieces of it.

You might think that it'll turn into one long sales pitch.

The reality is that I'm teaching it all whether you work with me or not.

You might think that you'll miss out if you can't make it live.

The truth is that being there in person really helps you get the most out of it.

I can guarantee that you'll walk away with more than you had to begin with either way.

See you there.

- Adam

8. Addressing:

SL: Why am I making this free of charge?

PV: N/A

Hey {first_name},

I'm just going to be straightforward with you because I get asked this all the time.

It's a common misconception that I have to choose between doing it myself or helping others, even though I can in fact do it myself and teach others.

I'm a player and a coach at the end of the day.

This also gives me the chance to learn from everybody who gets results afterwards.

See you there.

- Adam

9. Reminder / Recap:

SL: It's game time

PV: N/A

Hey {first_name},

The day has finally arrived.

I'm going live at *7:00 PM EST*.

Here's what I'll be covering tonight...

- How to select winners consistently and predictably.
- How to source at the strongest rates possible.
- How to fulfill entirely hands-free.

I've simplified everything so that you're ready to go within the span of ninety minutes.

I'll do a Q&A for everybody that stays until the end.

See you there.

- Adam

P.S. Join from your laptop in a quiet room for the best experience.

10. Reminder / Conviction Building:

SL: One hour left

PV: N/A

Hey {first_name},

Someone in your position is about to learn to hit \$10,000 per month with Amazon FBA through online arbitrage.

This is without gambling on the product, settling for thin margins, or running it all yourself.

They won't be better than you are or have more potential than you do.

This person just decided to show up to the free live masterclass.

I'll be going live in about sixty minutes and covering absolutely everything with you.

Most of the people that registered for it won't even show up, because they've told themselves that they can check it out another time, but they can't.

See you there.

- Adam
